Dear Farhana

The past few months have been very rewarding. I've enjoyed the work, the team and culture of the company.

Recently, I received some review for my papers which have a direct impact on my PhD Degree. In the past few days, I tried my best to manage both the work (Office + Thesis). Unfortunately, I am not able to manage both the work. Therefore, I am resigning from my current role. Please let me know if there's anything I can do in this week As I have not much time left to submit my review comment.

I request you to accept my resignation and relieve me as soon as possible.

Thanks & Regards,
Mayank Kumar Jha
